Pioneer Open
December 1-3, 2017

Coaches,

It has been requested that for this meet the CSI Backstroke ledges be used for competition. CSI only owns 10 of these devices so I am offering the suggested protocol for the conduct of the meet and want you all to be aware of this suggested protocol so that all of your coaches and parents can be advised of this.

The suggested protocol for the use of the backstroke ledges is to use them for the 13&Over events/swimmers only for prelims and finals. This means that the 12&Under swimmers will not have the advantage of using them for either their prelim or finals swims.

They will be available in both pools for warm ups so that the 13&Over swimmers can practice their starts but during competition they will not be available for practice in the warm up pool.

If anyone has any questions or concerns with this suggested protocol, please contact me at lseckinger@aol.com.

Looking forward to seeing you all at the meet.

Linda Seckinger
